Questions
Building on what we have determined so far...

- Large consensus (73%) amongst committee to address upper grade levels in Segment 1. We will continue working on this tonight.

- A lot of thought and discussion on keeping the existing high school auditorium, BOE and gymnasium portions (1960 addition). High cost impact to rebuild at same caliber. We will dive deeper on this concept tonight.

- All three groups had consensus last meeting that Bolich should be demolished.

- None of the groups selected the renovations to the entire High School for grades 8–12 Option. Assuming that plan is off the table.
Building on what we have determined so far…

• Committee and BOE has expressed need to explore potential grade configuration possibilities. We are exploring upper grades now and will explore lower grades in the near future.

• Recap of last meeting:
  - Group 1 preferred plan:  New 7–8, New 9–12
  - Group 2 preferred plan: Reno/Demo/Add at HS, New 6–8 (13th St.)
  - Group 3 preferred plan: New 7–12

• Next meeting:
  - Treasurer to speak about bonding capacity and limits, opportunities/source of funding, timeline for upcoming levy renewals, etc. This will let us know which options we have explored are attainable, and which are not.

Concept Master Plan Option – Reno/ Demo/Add at High School for Grades 9–12
Concept Master Plan Option – Reno/Demo/Add at High School for Grades 9-12
• Additional Considerations:
  - Swing Space & Phasing
  - Logistics with mechanical space
  - Buttoning up openings after demo
  - Additional CT space beyond OFCC co-funding

• Variations of this plan could include demolishing upper portions of 1960 Addition (noted in green on slides 9–11). Results in larger addition but need for more swing space.
