

AP Psychology Summer Reading

Welcome to AP Psychology for the 2017-2018 school year! In order to make the most of the year, you'll be completing the first unit of the book over the summer. This will enable you to see the content of the course and get a feel for what you'll be doing during the year.

Please join the google classroom, which is where all course materials have been posted.

The join code is hxnebw

Please join remind in order to receive reminder alerts as well as to be able to contact Ms. Curtin over the summer if needed.

To join, text @Psych1718 to 81010

All work is expected to be your own. There will be a test over Unit I the first week of school.

Your tasks this summer (textbook pages, readings, and assignments are ALL on google classroom):

- Read Unit I of the textbook (textbook pages are on google classroom) – I suggest taking notes as you read, but don't just copy the book – summarize, write down key points, add real world examples to the concepts you read about.
- Unit I vocab – due the first day of school
- Unit I short answer questions – due via google classroom August 11th
- Crash course #1 questions – due via google classroom August 11th
- Research study “What you expect” questions – due via google classroom August 11th
- Unit I study guide – due the first day of school

Feel free to contact me via remind or via email cf_curtin@cfalls.org if you need anything. Enjoy your summer and I can't wait to get started with you on August 16th!
