EQUAL EDUCATION OPPORTUNITY (Board Policy JB)

All students of the District have equal educational opportunities. Students have the right to be free from discrimination on the basis of race, color, national origin, citizenship status, ancestry, religion, sex including actual or perceived sexual orientation and actual or perceived gender identity, economic status, marital status, pregnancy, age, disability or military status in all decisions affecting admissions; membership in school-sponsored organizations, clubs or activities; access to facilities; distribution of funds; academic evaluations or any other aspect of school-sponsored activities. Any limitations with regard to participation in a school-sponsored activity are based on criteria reasonably related to that specific activity.

EARLY ENTRANCE TO KINDERGARTEN (Board Policy JEBA)

State law establishes minimum age requirements for admission to kindergarten. A child who does not meet the age requirements for admittance to kindergarten or first grade, but who will be five or six years old, respectively, prior to January 1 of the school year in which admission is requested, shall be evaluated for early admittance in accordance with District policy upon referral by the child's parent or guardian, an educator employed by the District, a preschool educator who knows the child or a pediatrician or psychologist who knows the child. Following an evaluation in accordance with such a referral, the Board decides whether to admit the child.

ATTENDANCE (Board Policy JED)

All schools in the state of Ohio are required to meet attendance standards for the year. According to Ohio law and the Cuyahoga Falls Board of Education policy, attendance is required of all students enrolled during the days and hours that school is in session. Regular attendance and punctuality are necessary for success in school and later in life. Many interactive classroom activities take place during the school day that extend the understanding of learned material. Students who miss school frequently often do not achieve their potential and do not develop good work habits for careers beyond high school. **Parents are encouraged to schedule their student's appointments during non-school hours. Because vacations are Unexcused Absences, parents are asked to schedule vacations during school breaks.**

STUDENT ABSENCES AND EXCUSES (Board Policy JED)

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours. Reasons for which students may be medically excused include, but are not limited to:

1. personal illness of the student;
2. illness in the student's family necessitating the presence of the child;
3. quarantine for contagious disease or
4. emergency or other set of circumstances in which the judgment of the Superintendent constitutes a good and sufficient cause for absence from school, which may include but not be limited to absences due to documented medical appointments.

Reasons for which students may be non medically excused include, but are not limited to:

1. needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only);
2. death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence);
3. observance of religious holidays consistent with a student's truly held religious belief;
4. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours);
5. college visitation;
6. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status;
7. absences due to a student being homeless or
8. as determined by the Superintendent.

HABITUAL TRUANT (Board Policy JEDA)

According to Ohio House Bill 410, A "habitual truant" is any child of compulsory school age who is absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month or 72 or more hours in a school year. Truancy will be investigated and could result in required participation in remediation program(s), disciplinary action, and / or notification and referral to the proper authorities such as the Cuyahoga Falls Police Department or the Summit County Juvenile Court.

ADMISSION OF HOMELESS STUDENTS (Board Policy JECAA)

The Board believes that all school-aged students, including homeless students and unaccompanied youth, have a basic right to equal educational opportunities. Accordingly, the District must enroll each homeless student or unaccompanied youth in the District in the school determined to be in the student's best interest. Enrollment is defined by the McKinney-Vento Homeless Assistance Act as attending classes and participating fully in school activities.

REPORTING ABSENCES FROM SCHOOL (Board Policy JED)

It is the responsibility of the parent / guardian to report all absences to the office. The message should include the name of the parent / guardian reporting the student absent, the student's first and last names, grade the student is in, and the reason for the absence. The absence will be recorded as excused or unexcused based on the reason given and the student's teachers will be notified of the absence by the office on the day of the absence. If a student is not reported absent on the day of the absence, the parent / guardian must contact the office either by personal call or a note reporting the absence immediately upon returning to school. Phone calls and notes will be accepted three (3) days beyond the date of the absence. An absence note must bear the signature of the parent or guardian, the date(s) of the absence, and the reason for the absence. Absences not reported to the office will be recorded as unexcused.

Parents or other responsible persons shall provide the school with their current home and/or work telephone numbers, home addresses and any emergency telephone numbers.

TARDINESS

A student who is not in his/her assigned location by 8:45 a.m. shall be considered tardy. Any student arriving late to school is to report to the office before going to class. A student is considered tardy when he/she arrives between 8:45 a.m. and 10:10 a.m.

NOTE: Tardies will be counted toward a student's unexcused absence hours.

DAILY ELEMENTARY SCHOOL SCHEDULE

8:35 a.m. Students enter
8:45 a.m. Classes begin
3:20 p.m. **Dismissal KG – 5th grade
NOTE: Every **Friday, students are dismissed at **2:25 p.m.**

EMERGENCY MEDICAL AUTHORIZATION FORMS (Board Policy JHC)

The Board of Education will provide to parents or guardians of all students enrolled in the district's schools access to an electronic or written Emergency Medical Authorization Form. In the event emergency medical treatment for a student is necessary, the district will adhere to the instructions submitted on the authorization form.

IMMUNIZATION REQUIREMENTS (Board Policy JHCB)

In order to minimize the spread of preventable illnesses in schools and provide students with a healthier learning environment, the Board requires immunizations in compliance with State law and the Ohio Department of Health for each student unless the parent(s) file an objection. The Board may also require tuberculosis examinations in compliance with law.

Students eligible for kindergarten and students new to the District must present written evidence of similar immunizations, or written evidence to indicate that they are in the process of receiving immunizations, to be completed no later than the day of entrance. The District will immediately enroll homeless students and foster students and assist in obtaining necessary immunization records. Students failing to complete immunizations within 14 days after entering are not permitted to return to school.

USE OF MEDICATIONS (Board Policy JHCD, JHCD-R-1, JHCD-R-2, JHCD-R-3)

Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illness. Insofar as it is possible, provisions should be made for such medication to be given by the parent prior to or following the school day. When possible, parents should plan to bring and administer medication. Please check with your building principal for additional information as needed regarding administration of medication to students.

COMMUNICABLE DISEASES (Board Policy JHCC)

The Board recognizes that controlling the spread of communicable diseases through casual contact is essential to the well-being of the school community and to efficient District operation. In order to protect the health and safety of students and staff, the Board follows all State laws and Ohio Department of Health regulations pertaining to immunizations and other means for controlling communicable diseases that are spread through casual contact in the schools. All students with signs or symptoms of diseases suspected as being communicable to others are given immediate attention and sent home if such action is indicated.

CONTROL OF HEAD LICE (Board Policy JHCCB)

Children identified with head lice infestation (pediculosis) will be sent home with the parent or designated adult. Children with working parents or those children who cannot be sent home will remain in school with restrictions on activities that require close personal contact. Parents who visit the school to pick up their children will be given information about the treatment and follow-up of head lice from the school nurse or secretary.

PROMOTION/PLACEMENT and RETENTION (Board Policy IKE)

The promotion of each student is determined individually. The decision to promote or retain a student is made on the basis of the following factors. The teacher takes into consideration: reading skill, mental ability, age, physical maturity, emotional and social development, social issues, home conditions and grade average.

"Academically prepared" means that the principal, in consultation with the student's teacher(s), has reviewed the student's work and records and has concluded that, in his/her judgment as a professional educator, the student is capable of progressing through and successfully completing work at the next grade level.

COMPUTER/ONLINE SERVICES (Board Policy EDE)

Although the Cuyahoga Falls City School District is committed to promoting safe, civil, and legal online activity for children, resources and information found on the internet varies in quality and appropriateness for informational/instructional purposes. Furthermore, materials entering the school via the internet, unlike other curricular materials (textbooks, software, etc.), have not been selected and approved by the Board ahead of time. For these reasons, safety issues will undoubtedly arise around access and use of the internet. Additionally, in order to promote safe and appropriate online behavior, the District will use:

1. Acceptable Use Agreement- Any student or staff member using the Internet from within Cuyahoga Falls City School District's network must have a valid, Acceptable Use Agreement on file.
2. Technology Protection Measure (Filter)- All District-owned devices in all District facilities which are capable of accessing the Internet must use filtering software to prevent access to obscene, racist, hateful, or violent material.

HOMEWORK (Board Policy IKB)

Homework is assigned to help the student become more self-reliant, learn to work independently, improve the skills that have been developed and complete certain projects, such as the reading of worthwhile books and the preparation of research papers. Home study assignments also afford a way for parents to acquaint themselves with the school program and their own children's educational progress. As long as it is properly designed, carefully planned and geared to the development of the individual student, homework meets a real need and has a definite place in the educational program. It is not used for disciplinary purposes. The extent and type of homework given is decided by the classroom teacher within the framework of specific instructional plans.

DIRECTORY INFORMATION (Board Policy JO)

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District's definition of directory information. Parents or eligible students then have two weeks in which to advise the District in writing, in accordance with such regulations, of any or all items which they refuse to permit as directory information about that student. To carry out their responsibilities, school officials have access to student education records for legitimate educational purposes. The District uses the criteria set forth under administrative regulations to determine who are "school officials" and what constitutes "legitimate educational interests." Other than requests as described above, school officials release information from, or permit access to, a student's education records only with the prior written consent of a parent or eligible student, except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations. The District maintains, in accordance with administrative regulations, an accurate record of all requests to disclose information from, or to permit access to, a student's education records and of information disclosed and access permitted.

STUDENT RECORDS (Board Policy JO)

In order to provide students with appropriate instruction and educational services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information.

STUDENT CONDUCT (Zero Tolerance) (Board Policy JFC)

Students are expected to conduct themselves in a way that exhibits respect and consideration for the rights of others. Students of the District must conform with school regulations and accept directions from authorized school personnel. The Board has zero tolerance of violent, disruptive, harassing, intimidating, bullying or any other inappropriate behavior by its students. A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations.

DISTRICT CODE OF CONDUCT (Board Policy JG, JFCEA)

Effective discipline, which requires respect for the rights of others, is necessary if all students are to attain a quality education. The Board delegates to school officials the authority to enforce District policies, regulations and school rules governing student conduct. Each case of unsatisfactory behavior by a student is handled individually. The classroom teacher may take the steps that he/she believes are justified in each case. If the student does not respond to these measures, the teacher then refers the student to the principal.

A student's failure to comply with the requirements for conduct outlined in the student handbooks may result in the student being disciplined. A student cannot be suspended, expelled or removed from school solely because of unexcused absences. The student may lose all rights to participate in school-related social events or extracurricular activities for a period of time determined by the principal. Depending on the seriousness of the offense committed by the student, suspension or expulsion may also result. Discipline is always administered in a reasonable manner

A. **Disruption Of School** – A student shall not by use of violence, force, coercion, threat, harassment, insubordination, or by other means cause disruption passively or aggressively to the educational process. CC. Gang membership and/or gang activity. For purposes of this policy, a gang is an organization, association, or group of three (3) or more people, using a common name or one or more common identifying signs, symbols, or colors, whose members individually or collectively engage in criminal activity.

VISITORS TO THE SCHOOLS/ SECURITY (Board Policy KK)

The Board encourages parents and other citizens of the District to visit classrooms to observe the work of the schools and to learn what the schools are doing. Visits should be scheduled with the teacher, in advance, to avoid any unnecessary disruption to classroom instruction or activities. To maintain the safety of students and staff and to ensure that no unauthorized persons enter buildings, all visitors must first report to the main office to receive authorization to visit. (Authorization is not needed for school programs, assemblies, graduations and athletic events.) All participants and spectators of school programs, assemblies, graduations and athletic events are expected to abide by all applicable laws, local ordinances, Board policies and District and building regulations pertaining to public conduct on District property. School principals and their designees are authorized to take appropriate action to prevent and remove, if necessary, unauthorized persons from entering District buildings, loitering on the grounds and/or creating disturbances anywhere on District property.

STUDENT TRANSPORTATION/ ELIGIBILITY ZONES SERVICES (Board Policy EEAA)

The transportation policies of the Board are aimed at providing a safe, efficient and economical method of getting students to and from school. It is the desire of the Board that the transportation schedule serves the best interests of all students and the District. The Board provides transportation as required by State law.

The District will transport as many students as practical on school buses that meet all the state requirements for pupil transportation. In some cases, students may be transported by other means as defined by State law.

Fees may not be charged to students for routine transportation or for non-routine transportation for educational field trips provided during the school day.

The Board annually approves designated bus stops and time schedules as presented by the Superintendent/designee, and grants authority to the transportation supervisor/designee to adjust stops during the school year.

The Board provides transportation for resident elementary students in grades kindergarten through five, who live more than one mile. The Board provides transportation for resident elementary students in grades six through eight who live more than 1.75 miles.

STUDENT CONDUCT ON DISTRICT TRANSPORTATION (Board Policy JFCC, EEACC, see policy for more information)

The Board furnishes transportation in compliance with State law. This fact does not relieve parents of students from the responsibility of supervision until such time as the student boards the vehicle and after the student leaves the vehicle at the end of the school day. Students on District managed transportation are under the authority of, and directly responsible to, the driver. The driver has the authority to enforce the established regulations for rider conduct. Disorderly conduct or refusal to submit to the authority of the driver is sufficient reason for refusing transportation services or suspending transportation services to any student once proper procedures are followed.

Students will:

1. be careful in approaching bus stops, walk on the left facing oncoming traffic, be sure that the road is clear both ways before crossing the highway and wait in a location clear of traffic;
2. arrive at the bus stop before the bus is scheduled to arrive in order to permit the bus to follow the time schedule;
3. not exhibit behavior at the bus stop that threatens life, limb or property of any individual;
4. sit in assigned seats (drivers have the right to assign a student to a seat and to expect reasonable conduct similar to conduct expected in a classroom);
5. reach assigned seat without disturbing or crowding other students and remain seated while the vehicle is moving;
6. obey the driver promptly and respectfully and recognize that he/she has an important responsibility and that it is everyone's duty to help ensure safety

INTERROGATIONS AND SEARCHES (Board Policy JFG, JFG-R)

The District has responsibility for the control and management of students during the school day and hours of approved extracurricular activities. While discharging its responsibility, the administration is to make an effort to protect each student's rights with respect to interrogations by law enforcement officials. The administration has developed regulations to be followed in the case of searches and interrogations.

The right to inspect students' school lockers or articles carried upon their persons and to interrogate an individual student is inherent in the authority granted school boards. All searches are conducted sparingly and only when such search is reasonably likely to produce tangible results to preserve discipline and good order and the safety and security of persons and their property. The Board permits building administrators/designees to search any unattended bag for safety and identification purposes.

STUDENT DRESS CODE (Board Policy JFCA)

School dress should enhance a positive image of the students and the District and not threaten the health, welfare and safety of the members of the student body. Any form of dress or grooming that attracts undue attention, prompting a disruption of the learning environment or violating the previous statement, is unacceptable. Requirements include the following.

1. Dress and grooming standards require cleanliness in the interest of health, sanitary conditions and safety requirements.
2. When a student is participating in school activities, his/her dress and grooming must not disrupt his/her performance or that of other students or constitute a health threat to himself/herself or other students.
3. Dress and grooming are not such as to disrupt the teaching/learning process.
