FRIEND OF EDUCATION AWARD

Ron Hyre | Farmers' Insurance of Cuyahoga Falls

Mr. Hyre is extremely involved in many activities benefiting the school district and community.

Ron Hyre of Farmers Insurance of Cuyahoga Falls has partnered with our school district to display students' artwork in his office for his clients and the community to enjoy. Each month he visits a different building to judge groups of qualifying artwork from each grade. He selects one winning piece of artwork from each grade level based on the completion of the requirements of the project, quality of craftsmanship, and demonstration of creative process in completion of the work.

All the work remains anonymous to him and is selected solely on quality. He also chooses a first, second, and third place winner in each grade band. The artwork is displayed in his office where an awards ceremony is held for the winning artists. All the artists and their families are invited to attend. Each artist receives an award for their work. Additionally, each building receives a donation of new art supplies. Mr. Hyre does this for us every month.

That's just one of numerous things he does for us. He also has helped six of our teachers who have applied for grant work by spearheading an email campaign to help those teachers achieve success in qualifying for that grant work.
